To Whom It May Concern:

Performance Construction Services, Inc. (PCS) operates as a commercial General Contractor, General Trades Contractor and as a Structural Concrete Contractor and is based in Harrisburg, PA. L B Construction Enterprises has performed as a subcontractor for Performance Construction Services, Inc. since 2009.

As a new employee to PCS in 2009 my first experience with L B Construction Enterprises, Inc. was on several large projects that included The Commonwealth Medical College and the University of Scranton Unified Science Center, both in Scranton, PA, as well as the City Island Stadium Phase 2 in Harrisburg, PA. All three were different, complex and schedule driven projects requiring extensive planning, coordination and execution. L B Construction Enterprises, Inc. has been an integral part of our success on every project they have been involved with and will continue to be on future projects.

More recently in 2016 L B Construction Enterprises, Inc. was instrumental in completing the 510 ton reinforcing steel installation for the Scranton Sewer Authority CSO 19 & 20 Detention Basin. Their continued attention to project schedules, details and planning have helped make this another successful project.

I highly recommend them. Please feel free to contact me anytime in this regard.

A handwritten signature in blue ink that reads "Dean Phelps". The signature is written in a cursive, flowing style.
