To Whom It May Concern:

Performance Construction Services, Inc. operates as a commercial general contractor, general trades contractor and a concrete contractor and is based in Harrisburg, PA. L B Construction Enterprises has performed as a subcontractor for Performance Construction Services, Inc. since 2009. As President and COO at Performance Construction Services, Inc. one of my experiences with L B Construction Enterprises, Inc. has been great. They have worked on several large projects that included The Commonwealth Medical College and the University Of Scranton Unified Science Center, both in Scranton, PA, as well as the City Island Stadium Phase 2 in Harrisburg, PA.

Most recently this year they helped complete the Scranton Sewer Treatment Plant. There continued attention to project schedules and most importantly the details have helped make this another successful project.

I strongly recommend them.

Sincerely,
